User Experience & Technical Enhancements

User Type (End-User, Administrator, Technical)	Area	Problem/Error Solution implemented/amended behavior	Reference #
End-User	BOC	Two new checkboxes display in the Ship To section on the BOC Request screen but should not. The new checkboxes will be deployed with a future release.	67535
End-User	Datavant	User can send Datavant requests to the New Requester Team but should not be able to since the Requester should not be changed. The Requester Address 1 field no longer allows the User to send the request to the New Requester Team.	67425
End-User	DDS	DDS Requests that OCR/NLP selects the Request Type of DDS but not the Requester, gives Unexpected error upon opening request when request is sent via email or via the Upload Request Letter function. No longer receive error.	67558
Technical	Common Document Repository	Preparation for using the CDR	66348
Technical	IDSB	Support document downloading for IDSB	67400
Technical	RSP service	Preparation for removing RSP service	67473
Technical	Record Hub	Invoice batch download released in HS 8.3 had performance issues so the query is now optimized to improve performance.	67523
