## **10.8 HealthSource Release Notes**

Last updated by JB Jim Bartolotta • 7 minutes ago

### **Release Information**

#### Release - Thursday October 17th at 6:30am EDT until 7:30am EDT

### Features

#### Addition of Authorization Denied Reasons for Digital Fulfillment

- Removal of pop up "Review Needed" when opening a Digital Authorization Review request
- When an authorization is denied we will capture the denied reason for reporting and triage within the Digital Fulfillment Workflow
- Separate buttons for Authorize and Deny
- · Clicking Deny will open Pop up with drop down / reasons
  - Billing Required
  - EMR Legacy Records Only
  - Images/Discs required Only
  - Billing Records Paper Records
  - Sensitive Information Review
  - Specific Provider requested
  - Other type in reason (COMMENTS REQUIRED)
- · Only when "Other" is selected does the system require comments
